Notes forming part of the Financial Statements

1 Corporate Information

The company is registered under Section 25 of the Companies Act, 1956 (now section 8 of the Companies Act, 2013) with the object of providing education to the disadvantaged and / or deserving families by providing them opportunities for education and also to establish and conduct educational institutions etc.

2 Significant Accounting Policies

a) Basis of Preparation

The Balance sheet, Income and Expenditure Account and Receipts and Payments Account have been extracted and compiled by Avasara Leadership Institute from its books of account and other relevant records pertaining to Foreign Contribution Regulation Act (FCRA) account number 60276591397 maintained with Bank of Maharashtra and (FCRA) account number 40109020108 maintained with State Bank of India. Expenses recognised in the books of account are in accordance with the system consistently followed by the management.

b) Use of estimates

Preparation of the financial statements in conformity with the GAAP requires that the management makes estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of revenue and expenses during the reported period. Examples of such estimates include provision for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful lives of fixed tangible assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Difference between the actual results and estimates are recognised in the period in which the results are known.

c) Current/Non-current classification of assets and liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of resources for delivery and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current and non-current classification of assets and liabilities.

d) Property, Plant and Equipment and depreciation

Property, plant and equipments are stated at cost less depreciation. Cost includes purchase price and attributable cost of bringing the asset to working condition for its intended use. Expenditure incurred on account of additions, improvements and renewals is capitalized and repairs and maintenance is charged to Income and Expenditure account.

Property, plant and equipment are depreciated on the written down value basis as per the useful life prescribed in Schedule II of the Companies Act, 2013.

Depreciation for addition to/ deduction from fixed assets is calculated pro rata from /to the month of addition /deduction. No amortization is done in respect of leasehold land in view of long tenure of lease.

Capital donations received by the Company for the purchase of fixed assets are amortised over the useful life of the respective assets.

e) Impairment of assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of Income and Expenditure.

f) Cash and cash equivalents

The Company consider all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalents.

g) Revenue Recognition

Tuition Fees are accounted for on time proportionate basis and is recognised as income when it is reasonably certain that ultimate collection will be made.

The donations which are received towards acquisition of the property, plant and equipments are credited to 'Corpus/Trust Fund A/c'.

Grants/ Donations related to revenue are recognised on a systematic basis in the statement of Income and expenditure over the periods necessary to match them with the related costs which they are intended to compensate. Unutilized restricted grant fund are reflected under Current Liabilities in Balance Sheet.

Interest on Fixed Deposits are accounted for on accrual basis.

h) Employee Benefits

(1) Post retirement employee benefits:

Contribution required for Post retirement benefits like Provident Fund and Defined Contribution to Superannuation schemes, in the nature of defined contribution plans, are recognized in the Statement of Income and Expenditure on an accrual basis.

Liabilities under the defined benefit schemes are determined through independent actuarial valuation at year end and charge recognized in the books. For schemes, where recognized funds have been set up, annual contributions determined as payable in the actuarial valuation report are contributed. Actuarial gains and losses are recognized in the Statement of Income and Expenditure.

(2) Other Employees Benefits:

Other employee benefits are accounted for on accrual basis.

[Handwritten signature]

i) Provisions and Contingent Liabilities

Provisions are recognized when there is a present obligation as a result of past events where it is probable that there will be outflow of resource to settle the obligation when a reliable estimate of the amount of the obligation can be made. When any such present obligation cannot be measured or where a realistic estimate of the obligation cannot be made Contingent liabilities are recognized.

Contingent liabilities are also recognized when there is possible obligation arising from past events due to occurrence or non- occurrence of one or more certain future events not wholly within the control of the company.

j) Investments

Investments are stated at cost of acquisition. All investments are long term investments. Provision for diminution in the value of investments is made only in cases where the diminution is considered permanent in nature.

k) Foreign Currency Transactions

Transactions denominated in foreign currency are recorded at the exchange rate prevailing at the time of entering into such transactions. Monetary items denominated in foreign currencies at the year end are restated at year end rates. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the profit and loss account.

l) Taxes on Income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date.

m) Borrowing Cost

Interest and other costs in connection with the borrowing of the funds to the extent related/attributed to the acquisition / construction of qualifying assets till the time such assets are ready for its intended use or sale are capitalized as part of the cost of asset in conformity with the provisions of AS-16 "Borrowing Cost" and other borrowing costs are charged to income and expenditure account for the year in which they are incurred profit is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date.
